

Overview: What This Dashboard Shows

This dashboard works as a tool that summarizes LiveQA account progress, allowing leads to track testing depth, and feature exposure. It answers:

- **How far each account has progressed in Story Mode, Invasions, and Kombat League?**
- **Which fighters and kameos have been leveled, and which need additional coverage?**
- **Which customization items, skins, gear, and modules have been unlocked or tested?**

Select Test Account (Hydra ID) & Build Version

Build version can be found in the Settings menu in the game.  
Note: Dates shown are based on Local time, as requested.  
The bar gauge of Kombat League Rank and Story Chapter work better when refershing the browser.
